ABOUT THE EVENT

ABOUT ADC:

Organized by a handful of San Francisco Bay Area civil defense lawyers, the ADC was established in 1959, "to promote the administration of justice and enhance the standards of civil defense practice."

From a rather meager initial membership list of 25, the Association has since grown to more than 900 and now extends throughout Nevada and Northern California — reaching from San Luis Obispo to the Oregon border.

Today, the importance of the ADC has never been greater. The legal and the professional environments in which defense attorneys practice have changed dramatically — and the Association of Defense Counsel has likewise evolved to help its members meet the resulting challenges.

Now in its fourth decade, the ADC shines as a beacon for Northern California and Nevada defense attorneys. Independent counsel, as well as corporate, public entity and in-house insurance company counsel have all discovered a common bond — and a valuable resource — in associating with the ADC.
