There's no magic, one-size-fits-all answer for building a happier, healthier, more productive life. That said, Gretchen Rubin, one of today's most influential and thought-provoking observers of happiness and human nature and a fellow lawyer, has written many best-selling books that provide frameworks and concrete steps for us to do just that. At this event,

Your Clients Are Focused on ESG and So Should You: What Every Civil Defense Lawyer Should Know About This Emerging Corporate Strategy

Lawyers, as risk mitigation experts, can play a critical role in assisting a business in reaching its Environmental, Social and Governance (ESG) targets while also meeting the mandates of all relevant stakeholders, from investors to customers to communities. But did you know that there are fundamental practices and regulatory requirements necessary to support ESG metrics aimed at supporting sustainability strategies? This in-house panel will discuss the pressures and challenges companies face related to ESG reporting, the practical approaches that companies are employing in designing their ESG governance structures and controls, and procedures to ensure relevant ESG data can be collected, accurately measured, and reported, and the potentially dire consequences of falling short --- and how defense lawyers can best assist their clients in this regard. This discussion of best practices will also include an overview of the new SEC proposed regulations and the interplay between those rules and overall stakeholder directives. *(CLE eligible)*

The Invisible Woman: The Trials, Tribulations, and Triumphs of the Black Woman Judge in America

The nation applauded when Ketanji Brown Jackson ascended to the United States Supreme Court as the first Black woman to sit on that distinguished court. It was yet another recent example of the United States fulfilling its long overdue promise of equality and liberty for all. But why did it take 232 years for the United States to reach this historic milestone and what does that length of time say about the status of the country's judiciary and the legal milieu from which that judiciary arose? Considering the current political and legal environments and their foreseeable future, will Justice Jackson's trailblazing path to the nation's highest court usher in a new age of opportunity for Black female jurists or is her inspiring story little more than a rare breakthrough in an otherwise bleak outlook for Black female lawyers with judicial aspirations? Three distinguished Black female judges from the nation's federal courts will address these questions and more, including how the confluence of race and gender in our legal system has erected both universal and peculiar challenges for Black female lawyers seeking to fulfill their professional potential on the bench. Drawing upon their own paths to success and the experiences of their Black female peers, these panelists will not only candidly discuss the barriers to entry and progression for Black female judges but will also offer hope for a more inclusive future by recommending practical strategies and tactics whereby all legal stakeholders can come together and do their part to make the dreams of would-be Black female judges a reality. The Supreme Court: Big Cases, Developing Trends, a New Justice, and What It All Might Mean for 2023

The 2021 and 2022 terms of the Supreme Court of the United States are some of the most dynamic in modern American history. The rights of our clients – indeed, the rights of all Americans – are being affected by the Court’s rulings and laws are changing all over the country as a result. And that’s not all – we have a Court full of relatively new Justices poised to interpret our laws and rights in ways we have not seen before. In his very professional and humorous way, Tom Dupree will discuss recent high profile SCOTUS decisions and preview upcoming cases to be decided this term. He will address rulings and trends, as well as constitutional and other high-profile cases that may change the course of American law. He will also analyze the impact of the appointments of the newer Justices and all the politics and personalities on the Court in a way that only he can. This is a session you absolutely cannot miss. No License? No Problem: Why We Should Care that Non-Lawyers are Providing Legal Services and Owning Law Firms

Hosted by: *The Center for Law and Public Policy*

Regardless of which side of the “v” you’re on, non-lawyer ownership of law firms and the provision of legal services by non-lawyers are two of the hottest and most controversial topics around. You will hear about what some states and countries that permit non-lawyers to provide legal services and own law firms are doing, which will help you better understand the impact to every bar-licensed lawyer if the trend continues. Not only do non-lawyer ownership and alternative business structures have the potential to upend the practice of law as we know it, but there are also critical ethical and business implications of these models as well. This esteemed panel of plaintiff and defense bar leaders will explain what’s currently happening, what’s on the horizon, and how it may affect DRI members and our clients. *(CLE eligible/Ethics)*

DRI ANNUAL MEETING PROGRAMMING FOR STATE, LOCAL AND NATIONAL DEFENSE ORGANIZATION LEADERS

The DRI Annual Meeting features programs specifically dedicated to the leaders of today's state and local defense organizations (SLDOs) and National Defense Organizations (NDOs). All state/national representatives, SLDO/NDO officers, and executive directors are strongly encouraged to attend.

THURSDAY, OCTOBER 27, 2022

12:00 - 1:30 PM

SLDO/NDO Leadership Luncheon *(by invitation)*

This program will feature Kristi Nelson, Chief Administrative Officer and General Counsel for Pomeroy Technologies. Ms. Nelson will share personal insights through her presentation, Mindshift: Finding Your Power Within, into how the most vulnerable moments in life can shake you to the core. She will describe how a Mindshift can empower you to overcome fear, uncertainty, and self-doubt while rediscovering your resilience. New this year, we will also recognize our outgoing State/National Representatives and their achievements.

FRIDAY, OCTOBER 28, 2022

10:00 AM - 1:00 PM

Executive Directors Program and Networking Luncheon *(by invitation)*

SLDO/NDO Executive Directors are never at a loss for things to discuss, and this year's session includes a wide variety of topics. We'll discuss current trends in what's hot and what's not in beverage service to the impact of COVID on contract negotiations, meeting attendance, marketing material ideas, and virtual options. We'll share technology hacks and productivity tools and talk about membership trends we're seeing in our states. And we'll discuss the bottom line from reserve funds to funding special projects to dealing with the taxman. Any burning topic not covered in the session's time allotment will continue during a roundtable wrap-up discussion so that everyone gets a chance to ask their fellow ED's anything.

1:00 - 3:00 PM

SLDO & NDO Conclave: Defining Your Organization's Value Proposition *(by invitation)*

The SLDO/NDO Conclave will focus on recruitment, retention, and engagement. State and National Defense Bar leaders will convene to learn the impact of clearly articulating your value proposition to grow and engage members. Through presentations and leadership workshops, participants will collaborate to identify ways membership in defense bar organizations has a powerful impact on lawyers, both professionally and personally, and how this translates to a stronger, more engaged organization.

DRI For Life

SERVICE PROJECT

Wednesday through Friday, October 26-28

Hosted by: The DRI Foundation and DRI Cares Committee

DRI Cares is delighted to be partnering with Ronald McDonald House Charities® (RMHC) of the Philadelphia Region for this year's Annual Meeting. New this year, we are providing multiple opportunities for our members to participate in several philanthropic activities - all benefiting this fantastic organization. DRI Cares would love to see everyone's support. Be on the lookout for on-site information with the times and locations for these opportunities!

Ronald McDonald House Charities® (RMHC) of the Philadelphia Region supports families of seriously ill children by creating a community of comfort and hope. Their two Ronald McDonald House programs provide temporary lodging, transportation, meals, and vital supportive services to families who travel to Philadelphia for pediatric care.

The first Ronald McDonald House was born in Philadelphia on October 15, 1974. Working as a pediatric oncologist at the Children's Hospital of Philadelphia in the 1970s, Dr. Audrey E. Evans saw families spend night after night in the hospital while their children received life-saving medical treatment. Through her efforts and the generosity of many donors, Ronald McDonald House has grown from a single idea to the model for over 375 Houses worldwide. Visit www.RMHCphilly.org to learn how you can become involved.

Diversity and Inclusion in DRI: A Statement of Principle

DRI is the largest international membership organization of attorneys defending the interests of business and individuals in civil litigation.

Diversity is a core value at DRI. Indeed, diversity, which includes sexual orientation, is fundamental to the success of the organization, and we seek out and embrace the innumerable benefits and contributions that the perspectives, backgrounds, cultures, and life experiences a diverse membership provides.

Inclusiveness is the chief means to increase the diversity of DRI's membership and leadership positions. DRI's members and potential leaders are often also members and leaders of other defense organizations. Accordingly, DRI encourages all national, state, and local defense organizations to promote diversity and inclusion in their membership and leadership.
